

SAFE Charge

Funds dedicated for the construction and/or reconstruction of bicycle and pedestrian facilities.

WHAT IS THE SAFE CHARGE?

Established in 2016, the SAFE charge is based on the average number of trips per unit for each type of developed property in Milwaukie. The rate recommended to City Council for approval is \$0.46 per trip. The units are determined by the property type and use—for commercial properties, a unit is typically 1,000 square feet, and for residential properties, a unit is typically per dwelling within the property.

It is estimated that 47 percent of the funds from the proposed SAFE charge will come from residential customers and 53 percent from commercial/industrial customers.

The planned improvements benefit both commercial/industrial and residential properties with 43 percent of the improvement costs benefiting commercial/industrial and 57 percent benefiting residential.
